

technical rider of the site specific - tour downtown

the track of the tour should contain at least 3, preferable 5 of the following locations:

- 1) river or lake with clean water with a part of min. 15 m were the water is not higher than hip level. In case of cold water the company can work with wet suits
- 2) parking place / parking (with at least tow rows of parking places opposite from each other)
- 3) bridge or underpass
- 4) steep street (pedestrian) or long street with large border gate
- 5) square (f.e. in front of city hall, church, theater, shopping area)
- 6) passage
- 7) stairs
- 8) hill with gras or large gras filed (park, football field, garden) or other soft underground like sand (dune, beach), spot in the forest, play ground
- 9) building were you can move through (exit is a different one then the entrance)
- 10) large entrance hall
- 11) shopping mall with permit to dance / perform inside
- 12) private house, square, terrace, special spots

distance: 2.5 km or less

The company and the organizer should agree on the track beforehand. Suggestions and wishes on the side of the organizer are welcome!

music equipment: ue megaboom - amplifier and iphone (brought by the company and carried in a backpack / waterproof bag)
attention: a permission from the city might be necessary to perform and play music in public spaces! The volume of the music is kept on a reasonable volume, music can also be played on audience smart phones directly or left out if it causes unsolvable difficulties with authorities. It is also possible to work with a musician. The festival as organizer is responsible for permissions if they apply. The company cannot be held responsible.

props: waterproof bags (brought by the company), wet suits (if the track contains a river or lake and the weather / water is cold). The company provides wet suits and boots for her dancers.

If the track includes rivers or lakes: the company wishes to have a (preferable warm) room provided for the dancers, were dry clothes, towels and shoes can be stored safely in order to get dry in between and / or after the tours are performed. Alternatives can be discussed.
